DISCOVER

ANVIL® 2018

ARE YOU an innovator, an original, an idealist, yet a realist, an urbaner, and an iconic trendsetter?

Here's your intro to four new collections in four new fabrics that are all-new all-ANVIL® designed just for you.

The **FREEDOM** collection's poly/rayon is loose yet soft and follows your every move.

The **LIGHT TERRY** collection lets you live somewhere between t-shirt and sweatshirt, day or night.

The **STRETCH** collection, hugs your curves giving you total comfort all day and through the night.

The **CURVE** collection is 100% polyester fashion-athletic with anti-microbial and moisture wicking properties, so you don't have to sweat the small stuff.

ANVIL® STYLE moves toward unisex designs in crewnecks, v-necks, scoops, curved hems, tanks, hoodies, scarves, and now... pants.

Yes, **PANTS!** You know what they say about first impressions. Well make a great one with our lightweight terry joggers, cut for a perfect fit for both sexes.

You'll also discover the latest on-trend hues like dusty rose, heather slate and heather navy.

It's our, and your, best year yet.

This is our invitation for you to discover a new wear-with-all collection, because

FASHION IS FOR EVERYONE

ANVIL®

NEW COLLECTIONS, NEW FABRICS

ANVIL® is a brand that weaves its way into everyday lives with fabrics, textures and on-trend blends for your individual style.

Our new **Freedom Collection** is a lightweight, silky poly/rayon. It's relaxed, with a longer, fuller fit that's great for layering, draping and hi-lo waistlines—tuck them in and wear them out.

Our **Unisex Light Terry Collection** is totally new. Not a tee. Not a sweatshirt. But a lightweight drape fabric for a casual fit.

The new **Curve Tee** designed with urban movers in mind; lovers of fashion and fitness. Moisture-control wicking to stay dry and cool, anti-microbial, to keep it fresh, all with a curve bottom hem—it's performance fashion at its fittest.

Last but not least, we introduce the **Stretch Collection**. A super silky cotton/poly/spandex combo for curve-hugging comfort that moves with your groove. Dancing or yogaing, it's all form-fitting.

A man with dark, wavy hair is sitting on a white ledge, leaning against a white wall. He is wearing a grey V-neck t-shirt and camouflage-patterned pants. He is looking down and to the left. A watch is visible on his left wrist. The background is a bright, white interior space with vertical lines, possibly from a window or door frame.

ANVIL®

ANVIL®

The rich 100-year history of the ANVIL® brand has evolved to meet the expectations of the times. Our brand promise is to deliver affordable, fashionable products that stay true to our core company values.

Our Genuine Responsibility™ program, which leads the way in corporate social responsibility practices, is focused on four key pillars, namely environmental stewardship, community engagement, empowering our people and product safety and quality. The commitments we have made within these programs are a key element of our overall corporate strategy, focused on treating our employees with respect and dignity, providing safe and ethical work environments and empowering our people with education and training opportunities. In 2016 alone, we delivered close to 825,000 man-hours of training to our 48,000 employees. As part of our pursuit of continuous improvement, we consistently challenge our teams to develop new methods to reduce our impact on the planet.

RESPONSIBILITY IS WOVEN INTO EVERYTHING WE MAKE

As part of the Gildan family, sustainability and responsibility are what we're made of—and part of everything we do. As one of the world's largest vertically integrated manufacturers of basic apparel, our company has direct control over almost the entire manufacturing process, from raw fibers to finished garments, allowing us to pursue our vision of Making Apparel Better™.

Every year we publish a Genuine Responsibility Report, reporting on the progress we have made in all areas of corporate social responsibility. In 2016 we made good headway in a number of important areas, including reductions in our water intensity by 5% and energy intensity by 10%. We also recycled or repurposed close to 86% of the company's overall waste.

Our proactive approach and ongoing commitment to improving our environmental and social impacts are what sets us apart from most apparel brands. We will continue to leverage our scale, manufacturing and operational expertise by employing a life cycle approach to uncover positive changes to how we make apparel, run our company and engage with the communities where we operate.
